

February 25, 1981

Mr. John E. Bacon
Information and Privacy Coordinator
Central Intelligence Agency
Washington, D.C. 20505

Dear Mr. Bacon:

Thank you for your February 5, 1981 response to my January 19, 1981 FOIA request.

Contrary to your assertion that my request would necessitate "massive" search efforts, the material I seek is limited and easily attainable. It can also be easily segregated to permit whatever protection of intelligence sources and methods is lawful. But to avoid any further confusion on the point, let me restate the request.

I would like the following documents for former Director of Central Intelligence Stansfield Turner and former Deputy Director of Central Intelligence Frank Carlucci:

Any books, logs, schedules or diaries relating to appointments, meetings, trips or phone calls. I am looking initially for appointment books, daily schedules, call sheets, phone logs, and meeting diaries.

However, if there are other documents which were used to schedule the individual's time, record how the individual's time was spent, record the identities of those who called, met with or talked with the individual, or record the subject matter of the individual's meetings and phone calls, I would be most appreciative if you would identify those materials generically so that I might determine their relevance to my inquiry.

Please let me know if this further clarification sufficiently identifies the material sought. Thank you for your cooperation in this matter.

Sincerely,

STAT
